

**HISTORY OF REMOTE INDIGENOUS
MEDIA: 1980s TO TODAY**
BY NEIL TURNER, PAKAM

Raymond Tjilya
Ernabella, 1984

We want to send our own
picture over the satellite.

Hello,
this is War!piri news.

A man with dark hair and a beard, wearing a green long-sleeved shirt, stands in a rural outdoor setting. He is looking towards the camera. To his right is a professional video camera mounted on a tripod. The background shows a dirt path, trees, and a building with a corrugated metal roof. The lighting is bright, suggesting daytime.
